❖ **What do Extreme Response Volunteer Teams do?**

*Most of our teams are involved in construction projects and or projects that directly meet the needs of the poor such as housing, medical, nutritional, and educational needs. Teams are also encouraged to develop relationships with the people they are serving.*

❖ **Who can join a team?**

*We accept teams that are sponsored by a variety of different organizations. These organizations have their own criteria for their team members; however, we also ask that each team member agree to follow a code of conduct approved by Extreme Response. We primarily are looking for adult, youth or family teams.*

❖ **Who handles the details?**

*Your trip will be planned and led by experienced Team Coordinators. We ask that the sponsoring organization name a team leader to assist the Extreme Response team coordinator. We also ask that the sponsoring organization arrange the team's air travel. However, due to the often-challenging travel arrangements necessary to many countries, ER staff is available to help as needed with travel arrangements.*

❖ **What about the finances?**

*Each team member and/or organization is required to raise the necessary finances to cover their travel, project and daily expenses. These finances must be paid into an account established for your team by Extreme Response.*

❖ **What is included in the price?**

*The team cost includes your daily living expenses while at the project location, such as meals, daily ground transportation, group lodging, emergency medical coverage and all administrative cost incurred while we host your group. Each team member is expected to cover the cost of all personal spending money, snacks, meals while traveling to and from the project country, passport and visa expenses, exit and airport taxes, and vaccinations.*

❖ **How do I get more information?**

*All volunteer teams with Extreme Response are coordinated through our offices in Quito, Ecuador. You can call us during business hours at 770-573-4696. Or via email at: [extremeteams@extremeresponse.org](mailto:extremeteams@extremeresponse.org)*
